

GUIDELINES FOR MANUSCRIPTS USING ISPRM NAME AND AFFILIATION

23 January 2017

1. Affiliation with ISPRM could only be quoted if the manuscript is a project approved by the President's Cabinet of ISPRM.
2. Prior to submission of such manuscript for publication, the author needs to obtain approval of the manuscript by the relevant ISPRM Committee and President's Cabinet of ISPRM, which may seek further advice from that relevant ISPRM committee.
3. The author must inform the President's Cabinet of ISPRM of any subsequent substantive modification(s) to the manuscript (i.e. modifications other than for spelling and grammar). The President's Cabinet reserves the right to rescind the approval of any manuscript after such substantive modification(s).
4. If the project is a conjoint project with other organisation, relevant person of this organisation must be notified and agreed to proceed with the submission of manuscript.
